

Workshop – Business Process Automation

We, Christian Luehrig & Imthiyas Basha, are from Global Business Integration - Customer & Commercial Excellence. We drive process automation to enable internal efficiency and productivity within division B. We would like to invite you for an awareness session about business process automation.

Learning goals

- › What is process automation
- › How can it help me in my daily business life
- › Which use cases have already been implemented in other areas
- › What makes an idea interesting to explore for automation
- › How to turn an idea into realization

Content

- › Introduction to Process Automation
- › Suitable business processes
- › What makes a good use case and how to identify it?
- › Demo of Implemented Use-Cases
- › What's in your pipeline?

Target group

- › Project Leads
- › Team Members
- › Department Leads

Duration

- › 30 minutes
