## **Additional Text**

---

2023-11-08 08:17:41.531 - Q632440

On cardboard boxes the BMW-Group-label must be placed squarely in the top left corner of the front face.

Unpacked parts or parts packed in plastic bags must be labelled with a BMW-Group-label each.

Label layout must correspond to packaging manual information.

Label print content must correspond to current "Label Data-ASAP" information.

The use of serial stillages for deliveries to CDC is permitted in the exceptional case only.

The defined container quantity for parts indicates the maximum possible capacity.

Shipping quantity has to be agreed on with the Material Planning Department for parts and accessories.
